

# FY25 432 Victoria State Assessment Review for Budget Considerations

## 432 Victoria District Summary

### **(A) Identify the barriers that must be overcome for each student to achieve grade level proficiency on assessments.**

Our teachers, students, and families face a number of challenges in ensuring student proficiency on assessments. Some of those challenges in our School District include:

- Difficulty in scheduling and finding more time to provide teacher/staff collaboration that would support improved student learning
- Declining enrollment that reduces funding and access to additional services and supports for students
- Difficulty in retaining and attracting highly qualified teachers and replacing teachers as they retire
- High levels or increased levels of student trauma (Adverse Childhood Experiences, ACE Study)
- Special Education funding shortfall has limited supports of our highest need students
- High numbers or increasing numbers of single parent families
- High levels or an increase in absenteeism among our student population
- An increasing level of social emotional challenges and needs of students
- It is difficult to encourage a student's highest performance on an assessment that does not impact their future.
- Lack of, limited, or difficulties in engaging parents in the educational process

### **(B) Identify the budget actions that should be taken to address and remove those barriers.**

Our students face a growing number of barriers to success and our district continually works to support them. Current budget constraints that impact our ability to successfully remove barriers for our students include:

- Increased salary to recruit and retain high quality certified and classified staff
- Additional staff members hired to meet the individual learning and SEL needs of all students
- Increased funding and time for staff development
- Additional substitute teachers for teacher release time
- Increase paraeducator support in special education classrooms
- Maintain low teacher/pupil ratio for greater individualized instruction
- Increase funding for Pre-K programs
- Allocating budget to focus on prevention, identification, and intervention concerning trauma and mental health issues

**(C) Identify the amount of time the board estimates it will take for each student to achieve grade level proficiency on the state assessments if the budget actions would be implemented.**

While our board of education, administration, teachers and classified staff work tirelessly to meet the academic and social emotional needs of all of our students, too many factors come into play that do not allow us to accurately assess when all students will be at a certain level. Some of those factors include:

- Our ever-changing student population brings a varying degree of cognitive abilities and disabilities which precludes us from being able to guarantee a date when all students will meet a singular level of proficiency.
- The current and future levels of school funding have a significant impact on student learning and any increases or decreases have an affect on student success. Any changes to those funding levels, in either direction, impact the ability of students to meet proficiency criteria.
- Lack of constitutional funding of special education continues to impact our ability to fully meet the needs of all students
- While assessment scores are one measure, our district does not believe that student assessment scores should be the sole measure of student proficiency
- Similar to how other professionals, such as doctors, lawyers, etc, cannot ensure 100% success due to a variety of factors and obstacles, we will be unable to achieve 100% proficiency
- Many of the factors that affect student success, such as trauma, poverty, mental health and student disabilities, are out of the local board's control, so giving a time estimate on things that consistently change, or are under the control of other agencies, is not a realistic practice of a local school board.

# Victoria Elementary School Building State Assessment Review

**District:** 432 Victoria

**School:** Victoria Elementary School

**Building Number:** 6399

**Grades Served:** PK-6

## **(A) Identify the barriers that must be overcome for each student to achieve grade level proficiency on assessments.**

Our teachers, students, and families face a number of challenges in ensuring student proficiency on assessments. Some of those challenges at this school include:

- Difficulty in scheduling and finding more time to provide teacher/staff collaboration that would support improved student learning
- Declining enrollment that reduces funding and access to additional services and supports for students
- Difficulty in retaining and attracting highly qualified teachers and replacing teachers as they retire
- High levels or increased levels of student trauma (Adverse Childhood Experiences, ACE Study)
- Lack of or limited access to community health services and mental health services
- Special Education funding shortfall has limited supports of our highest need students
- High numbers or increasing numbers of single parent families
- High levels or an increase in absenteeism among our student population
- An increasing level of social emotional challenges and needs of students
- It is difficult to encourage a student's highest performance on an assessment that does not impact their future.
- Lack of, limited, or difficulties in engaging parents in the educational process.

## **(B) Identify the budget actions that should be taken to address and remove those barriers.**

Our students face a growing number of barriers to success and this school continually works to support them. Current budget constraints that impact our ability to successfully remove barriers for our students include:

- Increased salary to recruit and retain high quality certified and classified staff
- Additional staff members hired to meet the individual learning and SEL needs of all students
- Increased funding and time for staff development

- Additional substitute teachers for teacher release time
- Increase paraeducator support in special education classrooms
- Maintain low teacher/pupil ratio for greater individualized instruction
- Increase funding for Pre-K programs
- Allocating budget to focus on prevention, detection and intervention concerning trauma and mental health issues

**(C) Identify the amount of time the board estimates it will take for each student to achieve grade level proficiency on the state assessments if the budget actions would be implemented.**

While our board of education, administration, teachers and classified staff work tirelessly to meet the academic and social emotional needs of all of our students, too many factors come into play that do not allow us to accurately assess when all students will be at a certain level. Some of those factors include:

- Our ever-changing student population brings a varying degree of cognitive abilities and disabilities which precludes us from being able to guarantee a date when all students will meet a singular level of proficiency.
- The current and future levels of school funding have a significant impact on student learning and any increases or decreases have an affect on student success. Any changes to those funding levels, in either direction, impact the ability of students to meet proficiency criteria.
- Lack of constitutional funding of special education continues to impact our ability to fully meet the needs of all students
- While assessment scores are one measure, our school does not believe that student assessment scores should be the sole measure of student proficiency
- Similar to how other professionals, such as doctors, lawyers, etc, cannot ensure 100% success due to a variety of factors and obstacles, we will be unable to achieve 100% proficiency
- Many of the factors that affect student success, such as trauma, poverty, mental health and student disabilities, are out of the local board's control, so giving a time estimate on things that consistently change, or are under the control of other agencies, is not a realistic practice of a local school board.

# Victoria Junior Senior High School Building State Assessment Review

**District:** 432 Victoria

**School:** Victoria Junior Senior High School

**Building Number:** 6403

**Grades Served:** 7-12

## **(A) Identify the barriers that must be overcome for each student to achieve grade level proficiency on assessments.**

Our teachers, students, and families face a number of challenges in ensuring student proficiency on assessments. Some of those challenges at this school include:

- Difficulty in scheduling and finding more time to provide teacher/staff collaboration that would support improved student learning
- Declining enrollment that reduces funding and access to additional services and supports for students
- Difficulty in retaining and attracting highly qualified teachers and replacing teachers as they retire
- High levels or increased levels of student trauma (Adverse Childhood Experiences, ACE Study)
- Special Education funding shortfall has limited supports of our highest need students
- High numbers or increasing numbers of single parent families
- High levels or an increase in absenteeism among our student population
- An increasing level of social emotional challenges and needs of students
- It is difficult to encourage a student's highest performance on an assessment that does not impact their future.
- Lack of, limited, or difficulties in engaging parents in the educational process
- Lack of funding prevents us from hiring a full time principal and an interventionist for MTSS at secondary level.

## **(B) Identify the budget actions that should be taken to address and remove those barriers.**

Our students face a growing number of barriers to success and this school continually works to support them. Current budget constraints that impact our ability to successfully remove barriers for our students include:

- Increased salary to recruit and retain high quality certified and classified staff
- Additional staff members hired to meet the individual learning and SEL needs of all students
- Increased funding and time for staff development
- Additional substitute teachers for teacher release time

- Increase paraeducator support in special education classrooms
- Maintain low teacher/pupil ratio for greater individualized instruction
- Increase funding for Pre-K programs
- Allocating budget to focus on prevention, detection and intervention concerning trauma and mental health issues

**(C) Identify the amount of time the board estimates it will take for each student to achieve grade level proficiency on the state assessments if the budget actions would be implemented.**

While our board of education, administration, teachers and classified staff work tirelessly to meet the academic and social emotional needs of all of our students, too many factors come into play that do not allow us to accurately assess when all students will be at a certain level. Some of those factors include:

- Our ever-changing student population brings a varying degree of cognitive abilities and disabilities which precludes us from being able to guarantee a date when all students will meet a singular level of proficiency.
- The current and future levels of school funding have a significant impact on student learning and any increases or decreases have an affect on student success. Any changes to those funding levels, in either direction, impact the ability of students to meet proficiency criteria.
- Lack of constitutional funding of special education continues to impact our ability to fully meet the needs of all students
- While assessment scores are one measure, our school does not believe that student assessment scores should be the sole measure of student proficiency
- Similar to how other professionals, such as doctors, lawyers, etc, cannot ensure 100% success due to a variety of factors and obstacles, we will be unable to achieve 100% proficiency
- Many of the factors that affect student success, such as trauma, poverty, mental health and student disabilities, are out of the local board's control, so giving a time estimate on things that consistently change, or are under the control of other agencies, is not a realistic practice of a local school board.
