

USD 432 Building Needs Assessment 2023-24

Districtwide Priorities:

- Facility upgrades needed. Potential football field/track upgrades, roof upgrades (rerouting of drainage) and a FACS Kitchen remodel would be the top three priorities.
- Recruit and retain teaching staff to build strong student and community relationships
- Increased student engagement! This would be evidenced with more time on-task utilizing high quality, evidence based teaching strategies. (Walk- through data will reinforce this focus.)
- Updated curriculum materials for Social Studies textbooks (K-12) and Science (K-6)
- Additional professional development for updated Ready Curriculum (Math) K-6, Big Ideas (new 7-12th), and MyPerspectives (6-11th) is needed as well to utilize all parts of these curricula
- .
- Collaboration time among our teachers to plan is needed (work days would be helpful as well). Time to visit other exemplary/ innovative schools would spur excitement.

Elementary Needs Assessment

- Professional development to implement Math and ELA curriculum with fidelity.
- MTSS training for leading PLC/ Collaboration with data and instructional strategies that are evidence based and show student growth. (less sped referrals)
- Fastbridge professional development for classroom teachers
- Build respect and build a PBIS scale

JH HS Needs Assessment

- Focus for classroom instruction strategies/ Tier 1
- Professional development for new curriculum/ new teachers
- Collaboration with data and instructional strategies/ expand interventions
- New SS textbooks/ resources for 7-12
